

- Spread around—max 1 person per table for the individual component
- Can only use your 8.5”x11” reference sheet and standalone ear plugs
- Individual component ends after 1 hour 20 minutes and must be turned in by then. Exam ends by end of our assigned time
- If you finish the individual component early, rip off and turn it in up front and proceed with the group component on your own until I announce “group time” and collect any remaining. You may leave early if you finish both parts
- The idea is to have silence for a while before we switch to “group time”

I'm rooting for you!
