Kayla Marshall is this week’s student of the week. Kayla joined the academy in the fall of 2010 after being a member of the 2010 Summer Bridge Program. She is in the Mathematics research cluster working with Dr. Palmer and she is currently seeking a degree in Mathematics Secondary Education.

Kayla is from Pilot Mountain, NC and she graduated from East Surry High School in 2010. Her favorite subject is Math and she enjoys all sports, especially when cheering on the Mountaineers!

Her most memorable moment as a student in the Academy was being a member of the Summer Bridge Program in 2010. When asked to provide a quote about her experience in the academy, she quoted James Boszell: “Why, sir, if you are to have but one booke with you on a journey, let it be a book of science. When you have read through a book of entertainment, you know it, and it can do no more for you; but a book of science is inexhaustible…” This is Kayla’s last semester in the Academy, and after graduation from ASU she plans on attending graduate school.

WEEK OF 4/29/12 – 5/5/12
