

Department of Computer Science

Appalachian's Department of Computer Science provides a rigorous, high-quality education that prepares students for the computing industry or graduate education. Computer science programs are not easy, but the rewards can be outstanding.

Our Bachelor of Science in Computer Science program is accredited by the Computing Accreditation Commission of ABET.

Our Master of Science in Computer Science program began in 1997 and serves to deepen one's understanding of the field in preparation for career advancement or doctoral studies. We have several MS alums who have earned their PhDs and are professoring at other schools!

The "accelerated admission" program (4+1) can help you get your MS degree in as little as 1 additional year! Follow the Academics link to the Graduate Program for full details.
