

- Spread around—max 2 people per table for the individual component
- Use your reference sheet and standalone calculator
- Individual component ends by 4:15pm. Exam ends by 4:45pm
- If you finish the individual component early, turn it in up front and proceed with the group component on your own until I announce “group time” and collect any remaining. You may leave early if you finish both parts
- The idea is to have silence for a good portion before we switch to “group time”

I'm rooting for you!
