

The purpose of *i-clickers* is to practice concepts, computational strategies, and critical & creative thinking and communication.

- **Think** about a possible answer(s) on your own.
- **Pair up**: discuss your thoughts in a group.
- Prepare to **share** something from your group's discussion. This may take the form of an assertion, question, definition, example, or other connection. It could be something you tried and rejected.
- May be a lag at times—use this to **review** related concepts and examples, and **add** to your notes & the glossary.

Making mistakes is integral to the learning process and enriches our understanding as we extend content and clear up misconceptions.

Where to Get Help

- Class
- Office hours
- Math lab
- Google *Dr. Sarah* for course calendar
- ASULearn (Solutions, Discussion Forums, Glossary)

I care about you and your success!
