

Self Evaluation

1. Your name and topic:
2. What would you have improved about your project?

3. What did you feel went well?

Peer Review

Please note that there are additional questions you'll answer at the end of the sessions (and this handout!)—start thinking about them or take side notes in preparation.

1. What were the most interesting thing(s) you learned from the other projects?
2. Name a part of at least 2 different projects that connect to you, and explain the connections.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

1. Name(s) and topic:
2. Give suggestions for improvement on the action plan and/or project.

3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

1. Name(s) and topic:
2. Give suggestions for improvement on the action plan and/or project.

3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

1. Name(s) and topic:
2. Give suggestions for improvement on the action plan and/or project.

3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

1. Name(s) and topic:
2. Give suggestions for improvement on the action plan and/or project.

3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

1. Name(s) and topic:
2. Give suggestions for improvement on the action plan and/or project.

3. List one or two strengths of the project.

-
1. Name(s) and topic:
 2. Give suggestions for improvement on the action plan and/or project.

 3. List one or two strengths of the project.

Concluding Questions

1. What were the most interesting thing(s) you learned from the other projects?

2. Name a part of at least 2 different projects that connect to you, and explain the connections.

3. What were your favorite part(s) of this project?

I'll collate the peer review and send you a message on ASULearn. If you are interested in a publication related to women and mathematics in popular culture, let me know. Have a great break and keep in touch!
