

Educational Goals at ASU

- *Thinking Critically & Creatively*
investigating issues & viewpoints—our own, each others & experts, research, creative products
- *Communicating Effectively*
writing, speaking and reflecting
- *Making Local to Global Connections*
analyze a single issue from multiple perspectives, contributions from people around the world, contested assumptions and intellectual debates across the globe
- *Understanding Responsibilities of Community Membership*
annotated bibliography, peer review, group work, actively listening to each others perspectives and presentations...
