

## Getting to know a scholar: Courtney Dixon February 17 - February 23

**Background:** Courtney Dixon is from Charlotte, NC. She attended Hopewell High School in Huntersville, NC, where she graduated in 2009. She is pursuing a M.S. in Computer Science, and her favorite subject is linguistics. Courtney decided to major in computer science because “I can acquire the tools needed to develop better software and methods for the studying and learning of languages.” Outside of school, she enjoys arts and crafts, ice skating, rollerblading, and being outdoors. As far as choosing ASU, “[App State] promotes a spirit of inclusion that brings people together in inspiring ways to acquire and create knowledge, to grow holistically, to act with passion and determination, and embrace diversity and difference.”
