building

WHAT IS THE
S-STEM
PROGRAM?

The National Science Foundation sponsored S-STEM scholarship program provides \$6,280 annually for up to four years for financially needy and academically talented entering freshmen that intend on majoring in computer science, mathematics (excluding math education) or statistics. Incoming graduate students, juniors and seniors considering pursuit of a master's degree in these fields at Appalachian State University may also apply.

The program provides a nurturing atmosphere that encourages excellence and builds collaborations between students, faculty, and the community.
