

**Getting to Know a Scholar: 8/31-9/6/15**

**Background:** **Aneisy Cardó** is from Kings Mountain, NC and attended Kings Mountain High School where she graduated from in 2012. She is double majoring in Mathematics and Spanish with a minor in General Business. She enjoys hiking, exercising, playing sports, dancing to Spanish music such as Salsa, Bachata, and Merengue, she also enjoys reading, and hanging out with her friends during their movie nights. Aneisy chose to pursue her Mathematics degree because she had a great professor before her freshman year that showed her everything that she loved about math. She also chose to pursue her Spanish Degree because she wanted to learn how to speak Spanish better along with learn more about the background of the Hispanic Language. She chose ASU because she loved the location and the people during her multiple visits.
