

Getting to Know a Scholar: 11/2-11/8/15

Background: Christopher Smith is from Granite Falls, NC where he attended South Caldwell High School and graduated from in 2011. He is majoring in Computer Science and he enjoys both computer and math classes. He enjoys sports, music especially 90s and 2000s rock music and he enjoys comedy TV shows. He decided to pursue an education in Computer Science because he took some business and computer classes in high school, and he decided the best way to achieve both of those interests was to major in Computer Science. He chose ASU because he loves the Appalachian Mountains and the school has close ties with Caldwell Community College and Technical Institute.
