

Professional Association: International Mathematical Union (IMU)

Name

February 7, 2011

Assignment: Research one of the professional associations and LaTeX some aspect you found interesting along with a bibliographic reference for the website of the organization and a publication by them. **Typeset the document a few times to get the bibliographic citations working.** Print and turn in your LaTeX code and the document.

Research:

During my research of the IMU, I found... For more information, see the website for the organization [1]. There are numerous publications by the IMU, including their bulletin [2].
