

Classroom Engagement

- LG 5: I can make connections with others and the university through a shared process of inquiry via regular attendance and respectful participation in our classroom community (community membership)
- LG 1: I can examine a single issue from multiple perspectives
- LG 3: I can analyze the arguments of others and connect them to me, including current scientific consensus.

Lag between when your group is finished and when we come back together?

- Get to know each other
- Think about what you might include in the next Reflection
